DUAL GOVERNORS OF NEW YORK

Courts to Decide Which is to Rule The Empire State.

ARE ON JOB TODAY.

Sulzer's Friends Declare Wife's Story Will Show Accused Not to be at Fault.

Alany, N. Y., Aug. 14.—New York's two governors were "o the job" today. William Sulzer, choice of the people at the last election, and now under impeachment by the lower house of the State legislature, held under undisputed possession of the executive mansion and the executive chamber in the capitol. Lieutenant Governor Glynn, recognized by the followers of Tammany as the acting goverenr, held fourth in his little room off the senate chamber.

There was no conflict so far as a physical clash was concerned. Sulzer and his lawyers do not recognize the validity of the assembly's action. They have planned their moves but will wait until they see what Glynn intends to do. The latter, by advice of his counsel, will hardly make any open move until the legislature reconvenes next Tuesday.

Then he will probably send the name of Abraham I. Elkus, reformer and lawyer, to the senate for appointment as State commissioner of labor. Elkus will immediately be confirmed and thus the way will be paved for court proceedings.

But before that, Sulzer, through his lawyers, plans to get action. He will pardon a convict in Sing Sing prison, where there is a friendly warden. The warden will, if the plans now laid are carried out, question the right of Sulzer to act and a habeas corpus writ will be sued out immediately. No matter how the lower courts shall decide on the case, it will be headed direct to the Supreme Court of the United States

But overshadowing the cold legal proceedings today was the pitiable plight of Mrs. Sulzer, wife of the governor. She has tried to take all of the blame to save her husband and she is one great pathetic figure in the tragedy that has scandalized the Empire State.

No matter what the outcome, she has earned the admtration of friends and faces of her husband. She was today reported to be a nervous wreck. So serious in fact was her condition that the governor hurriedly summoned from New York a nerve specialist, Dr. Abrams, and he insisted that the stricken woman be kept quiet. She has been foridden to talk about her husband's case and the members of the family hope that with rest she will soon be all right again. The fact that she plans to be the chief witness in behalf of her husband should the impeachment proceedings go to trial makes her position even harder.

CITY FATHER'S FINED.

Visit of Bristol Councilmen to Abingdon Was Costly.

Bristol, Va., Ag. 14.—Six members of the Bristol, Va., city council are now meditating on why they ventured into the town of Abingdon. They went there Monday to present Bristol's views of good road construction to the county supervisors concerning a matter of policy. They had not been long in the city until they were cited to appear before Mayor Crabtree on a charge of speeding in excess of the automobile speed limit in the town. Although they protested that they meant no offense, and felt sure their driver was within the speed limit, Mayor Crabtree fined them $10 and costs for each car, making a total of $30. The councilmen are generous and will of course reciprocate when Abingdon's city officials came speeding into this "berg."

All property between Alexandria and Washington must increase in value. Mt. da offers great opoortunities for the investor or home seeker. Attend the auction sale of lots next Monday 10:30 a. m.

NEWS OF THE DAY.

The American Federation of Catholic Societies closed its annual session in Milwaukee yesterday by selecting Baltimore as the next meeting place and electing officers. Baltimore was chosen out of respect for the wishes of Cardinal Gibbons, it is said. One of the surprises of the meeting was the decision not to form a new woman's auxiliary, the movement being discouraged by all the leading churchmen, largely because it was feared that the new organization was intended to promote woman suffrage, to which Cardinal Gibbons and other prelates are opposed. Officers were elected by the Federation as follows: President, Charles I. Denechaud, New Orleans; secretary, Anthony Matre, St. Louis; treasurer, H. W. Peckenkamp, Quincy, Ill.

Legal minds of the Senate are practically a unit on the question of the credentials of Representative Clayton, of Alabama, now on his way here as the appointee of Governor O'Neal, to succeed the late Senator Johnson. Representative Clayton will not be permitted to take the oath of office. The judiciary committee has decided that under the new amendment to the Constitution Gov. O'Neal has no power to appoint until the legislature enacts a law giving him the authority.

C. Leslie Reynolds, 55 years old, superintendent of the National Botanic Gardens, at the foot of Capitol Hill, Washington, was killed yesterday evening by the exertion of chasing several negro boys who had annoyed him by throwing stones and mud clods through the glass houses in the gardens and trampling flowers and rare plants. Mr. Reynolds dropped dead on the street from heart failure.

A big brindle bulldog, the pet of the Conrad family, of Indiana, Pa., probably saved the life of pretty Mary Conrad, when, after a desperate battle last Monday night, the faithful animal drove off and badly mangled a giant negro, named George Allen, who had attacked the young woman. The negro was identified by Miss Conrad. Allen attacked Miss Conrad as she entered a blackberry thicket. When the young woman screamed the dog made a furious onslaught on Allen, and after a battle lasting several minutes drove him off, enabling his mistress to make her way home, where she fell unconscious.

Three persons were killed and two injured last night when a large touring car got beyond control on a steep hill between Mayville and Westville, N. J. Rev. Peter C. Bommer, pastor of the German Evangelical Church of Buffalo; Mrs. Bommer and Miss Alice Peegels, of Rochester, lost their lives in the accident. Miss Louise Bommer and Mary Whooazen, Mrs. Bommer's maid, received serious injuries. Miss Minnie Button said one of the rear tires blew out just as the machine turned the crest of the hill. Mr. Bommer who was at the wheel seemed unable to check its speed as the car dashed down the steep incline, careening from side to side. Some of the occupants jumped and the others were thrown out by the violent swaying of the machine. When the car came to a stop at the bottom of the hill it was turned completely around.

A dispatch from Duluth, Minn., says seven of twenty-three persons in a launch party were drowned in St. Louis Bay yesterday, when a canopy top used for seats on the launch Dauplaise, gave way and fourteen persons were thrown into the water.

A serious race riot may take place if notices posted on the home of North Side negroes by members of a "citizen's vigilance league" in that section of Akron, O., who have warned the negroes that unless they sell their property and leave that section of the city within one week, they will be forcibly evicted from their homes, which are also threatened with destruction. Members of the "vigilance league" declare that the negroes are practicing a form of blackmail by buying property in the fashionable residence district of North Hill, which they occupy until their white neighbors pay an exorbitant price for their property to get rid of them.

August Ferdinand Bebel, the German socialist leader, died at Zurich, Switzerland, yesterday.

'HEAD OF PEOPLE'S HOUSE' AT ALBANY

Sulzer's Wife Standing by Him Now as She Has Done Heretofore.

A PRACTICAL WOMAN.

"Belongs to School of Women Who Believe in Active Service For The Benefit of Humanity."

New York, Aug. 14.—Mrs. William Sulzer, who has become next to her husband, the governor, the most interesting figure at Albany, is known among her friends as a simple, sincere, practical, resourceful woman.

Although the written record of her comings and goings is meagre, there is ample testimony to her worth and strength of character in the words of the many visitors who have frequented the Sulzer home in N. Y., in Washington, and in "The People's House" at Albany.

Mrs. Sulzer has been first of all a home maker. At the time of her husband's election to the governorship the story was told of a great friend of the Sulzers who went with his wife to the home at 175 Second Avenue for dinner.

As the time for the serving of the meal approached the friends noticed that Mrs. Sulzer was extremely nervous. She disappeared into the kitchen, and finally dinner was served, a fine meal, the guests thought. It developed later that a new maid had spoiled the original dinner and that Mrs. Sulzer had cooked a new meal herself.

The governor's wife became famous as a cook and hostess in Washington, where splendid cooks and hostesses abound.

Mrs. Sulzer is still "head cook" now that she is the lady of The People's House," and does not allow her eight servants to usurp her prerogatives in the kitchen.

Mrs. Sulzer once said in Washington to an interviewer that she belonged to the school of women who believe inactive service for the benefit of humanity." She put this belief into active practice when she was only eighteen years old and still Miss Clara Rodelheim, of Philadelphia. She left high school and entered the Presbyterian Hospital at Chicago as a nurse.

Later she took a course at the Graduate Nurses College at Columbia and was eventually made assistant superintendent of Mount Sinai Hospital. She was at the New York Hospital in 1907 when she first met Wm. Sulzer. The congresman was investigating the city hospitals with a party of friends and it is said that he fell in love with Miss Rodelheim at first sight. The two were married secretly in Atlantic City on January. 8, 1908.

HID WIFE'S SHOES.

In Order to Keep Her at Home—Is Later Arrested for Larceny.

Lynchburg, Va., 14.—Those who are troubled with wives that are hard to keep at home can find a convenient remedy in the experience of Obe Saunders, colored, who hid his wife's shoes in order to prevent her from attending a "blow out" given at Paces warehouse. His wife had only one pair of shoes and since she could not attend the function barefooted, she was forced to stay at home with her husband.

Her husband, however, had a surprise sprung on him, for he was arrested upon a warrant issued by his wife charging him with stealing her shoes, and he was forced to spend the night in a cell at the courthouse while his wife was snugly tucked in a soft bed gloating over her vengeance.

After the affair at the warehouse was over, Obey returned the shoes to his wife, and as soon as she received her footwear she hustled to the police station, where she swore out the warrant. Obe now faces a charge of larceny on account of his effort to control his wife.

PRESIDENT'S DENIAL.

Disclaims Responsibility For The Speech.

Ambassador Henry Lane Wilson precipitated himself into the Mexican situation again yesterday when he issued a statement in answer to that made by the British Foreign Office on Monday in explanation of Great Britain's attitude in recognizing the Huerta administration. The ambassador was angered by the reference in the British statement to a speech he delivered on behalf of the Diplomatic Corps at Mexico City at a reception to Provisional Huerta soon after his inauguration.

After an emphatic declaration that the British recognition of Huerta had been merely the recognition of a provisional president pending an election, the statement of the foreign office said:

"The French and German governments also recognized President Huerta after a reception by him of the whole diplomatic party at which a congratulatory speech was made in their behalf by the American ambassador."

It was the implication which Mr. Wilson saw in this last sentence that this so-called "congratulatory speech" by him had had something to do with the recognition of Huerta by France and Germany and by inference Great Britain that aroused the Ambassador's ire.

In his statement Mr. Wilson denied absolutely that the policy of any of the three powers named had been in any way affected by his speech, and he disclaimed responsibility for the "congratulatory" tone of the speech itself.

ALLEGED SLAYER AT LARGE.

Henry Obey Disappeared Day Following Killng of James Rickmond.

South Boston, Va. Aug. 14.—No new developments have come to light in the case of the killing of young James Rickmond near the home of Lewis Tuck, four miles from Scottsburg, on Saturday night a week ago. Henry Obey, who is suspected of stabbing the young man, is still at large and his whereaouts unknown.

The disappearance of Obey the day after the killing lends strength to the statement of the young man Bantam, who was with Obey and Rickmond on the night of the tragedy. Bantam decared before the coroner's jury that after leaving the house of Tuck the three engaged in a quarrel and when a few hundred yards from the house, Rickmond advanced upon the other two with a drawn knife and stick, he, (Bantam) ran away to prevent trouble; that a short distance further Obey overtook him stating that he (Obey) had cut at Rickmond but didn't know whether he hit him. The next morning the dead body of Rickmond was found lying face downward about fifty yards from Mr. Tuck's house, a small deep stab in the neck near the collar bone.

Members of Mr. Tuck's household recall that soon after the trio of young men left the house they heard someone exclaim "don't hit me any more Jim," and later a sound as if someone was vomiting, but nothing was thought of it until the next morning when the young man's body was found. It is thought that the blade of the knife seered one of the air tubes and the blood entering caused strangulation, and the seeming sound of vomiting is thus accounted for in the effort of the dying man to relieve the strangulation which probably was the immediate cause of death.

Deputy Sheriff E. L. Dickerson attempted to place Obey under arrest the day after the killing, but the latter succeeded in making good his escape and since that time no trace has been found of him, his people disclaiming any knowledge of his whereabouts. Obey is the son of John Obey of this section and is about 22 years old. Rickmond, who was 33 years of age, was the son of Jeff Rickmond, Jr., was married and leaves a wife and three children.

DESCENT UPON ALL-NIGHT HOUSE

Mayor of New York City and Police Go to Their Limit.

RESTAURANT RAIDED.

Gaynor and Others to be Arrested on Charges of "High Crimes and Misdemeanors."

New York, Aug. 14.—Mayor Gaynor and the police went the limit in the crusad against all night restaurants when fifty or more policemen early today raided Healey's restaurants at Sixty-sixth street, just off Broadway, for the fifth time, and ejected 300 women and men, including the district attorney.

Warrants were promised today for Inspector Dwyer, Acting Captain Hart, and Deputy Commissioner McKay, who wer in charge of the raid, and for Mayor Gaynor and other officials of the police department, charging assault and battery, malicious destruction and other "high crimes and misdemeanors."

ESCAPED MURDERER CAUGHT.

After Nine Years of Liberty Negro Returned to Penitentiary.

Lynchurg, Va., Aug. 14.—Through information given out by Police Officer George Crank, of the local police force, Charles Austin, a notorious negro murderer of North Carolina, who escaped from the state penitentiary at Raleigh in June of 1904, where he was sentenced to serve thirty years for murdering Charlie Branch, white, during February of 1904, is again behind the bars of the North Carolina prison after enjoying nine years of freedom.

The policeman learned of the whereabouts of the negro and after hearing of his crime, he notified the officials of North Carolina. The negro was arrested by detectives in Vernon, N. J., where he was engaged as a chauffeur. So suddenly was the escaped convict caught that he could offer no resistance, and he was pulled out of the automobile from behind the steering wheel, and sent back to his native State.

In addition to the murder, the negro had committed various other crimes in the Tar Heel State.

Officer George Crank received $25 for giving out the information and the authorities in New Jersey got $25 for making the arrest.

ARRESTS PREVENTS WEDDING.

Virginia Girl Finds Prospective Groom in Prison.

A romance, which would have culminated in marriage yesterday had not fate taken a hand, between a pretty Warrenton, Va., girl and Lonnie V. Earp, of Norfolk, Va., ended sadly when the prospective bridegroom was arrested in Washington and held for the Norfolk police on a charge of larceny.

Earp reported to the police Monday night he had been robbed of $310 in money and a $260 diamond stick pin by two strangers in the Smithsonian institution grounds. Investigating Earp's record, the police found he was wanted in Norfolk.

The young man, it was learned yesterday, went to Washington to marry. He was engaged to a pretty twenty-two-year-old Warrenton girl and wired for her to meet him in Washington yesterday. The girl came to Washington, but when she called at the National Hotel, where he had been registered, she was told the police had arrested Earp.

At Central Detective Headquarters Detective Charles Evans advised the girl to return to her home to await the outcome of the Norfolk charges against her sweetheart. She still is faithful to him and believes the charges are groundless, but returned to her home, promising to wait until Earp had had his day in court. The police refused to give out the girl's name.

Owing to the rain the baseball game scheduled for yesterday afternoon, between the Police Department and the Old Dominion Boat Club for the benefit of the Children's Home, has been postponed until next Wednesday afternoon.

The occasional drizzling rain and threatening conditions that set in early in the week continue, and the temperature is akin to that of October. The lowest temperature that has been reached in August was on the 28th of the month in 1888, when the mercury dropped to 56 degrees. The cool wave extends to all parts of the state, but the thermometer is expected to rise somewhat within the next two days.

One of the engines will be stationed at Del Ray and the other at St. Elmo, which two subdivisions constitute the town of Potomac.

Wytheville, Va., Aug. 14.—The eastbound freight train which left the depot at this place at 5 o'clock Tuesday morning was wrecked about one mile from the station and about a dozen cars derailed with several of them a total wreck. The accident was caused by the falling of one of the engines. No one was injured and the freight being of timber there was little damage. Travel was delayed several hours, the Eastern mail trains due at 7 and 8 o'clock arriving here at 11:30.

ALLEGED OFFER OF $100,000 FOR COBB

Formal Proposition For Purchase of Great Outfielder.

STORY IS NOT DENIED.

Ripley, Director of Washington Club, Would Like to Know Where Griffith Got The Check.

Detroit, Mich., Aug. 14.—Manager Clark Griffith, of the Washington baseball team, within the next three days will make an offer of $100,000 cash for the purchase of Ty Cobb from the Detroit organiation.

Griffith stated positively this morning that he was authorized to make this offer for the Georgia Peach and said that he was confident that Navin would accept.

Griffith will confer with Navin this afternoon just before the start of today's game.

Washington, Aug. 14. — Wm. H. Rapley, one of the stockholders and directors of the Washington baseball club, did not deny the story, but said that he had heard nothing of it. When told that Griffith had offered Navin a check for $100,000, Rapley laughed and said: "I'd like to know where Griff got the check."

Thornton Chesley, another director of the club said he had heard the story this morning, which was the first intimation he had of the new that Griffith wanted Ty Cobb.

Edward Walsh is at present out of the city and will not return for a few days. He is acting president of the club, as the president, Tuck S. Minor, is in Europe at present.

ARMED MEN GUARD SCHOOL

Threat to Lynch Negro Overseer of White Girls.

Richmond, Aug. 14.—Intense excitement prevailed in Chesterfield county Tuesday as the result of a mutiny of the inmates of the Bon Air Home for Wayward Girls. Citizens of the county, indignant that the girls should be worked in the corn field under a negro overseer have threatened to lynch the negro. To prevent this county officers armed to the teeth, are guarding all the approaches to the institution.

The county officers, it develops, were attacked Tuesday night by some of the girls. One of the officers was struck in the face and severely injured. This attack followed a general attack upon Miss Edna Wright who has been engaged by the state board of charities to make mental tests among the girls. These tests showed low mentality and the girls were under the impression that Miss Wright advocated sending them to a lunatic asylum.

Until the negro overseer, whose name is Beverly Banks, can be dismissed and a white man employed in his place, the county officers, who fear that the negro may be lynched, will continue their guard at the home.

MOVEMENT FOR NEW HOTEL

Company to be Organized to Construct Modern Hostelry in Alexandria

Preliminary steps to the organization of a company of local capitalists to build a modern hotel in Alexandria have already been taken and a meeting of those interested in the company will be held early next week when, it is said, an application will be made to the State Corporation Comission for a charter for the company.

Two locations on King street between Washington and Columbus are under consideration. The hotel will be five stories in heighth with elevators and all modern conveniences.

The hotel feature of the Alexandria of by-gone days has almost passed away. There are some houses of entertainment in the city, but on any extraordinary occasion their accommodations are taxed far above their capacity. During inaugural occasions or at other times when large number of people visit the capital city many seek entertainment in Alexandria, where the cost is lower, and at such times a modern hotel would be liberally patronized. During normal conditions, numbers of visitors to Washington would lodge in Alexandria were proper accomodations afforded, as the run between the two cities is but a matter of twenty or twenty-five minutes. Most people who come to the capital city make trips to Alexandria for the purpose of examining historical places.

TO PROCURE A MOTORBOAT.

A. J. Payne Will Become Terror on Water And Land.

A. J. Payne, Game Warden of Fairfax county, is negotiating for the purchase of a motorboat which he will use during the coming hunting season in enforcing the game laws. Some time ago he rocured a pair of powerful field glasses and in conjunction with the motorboat will be enabled to bring to justice all persons who may have the temerity to violate laws he is sworn to enforce.

Heretofore when Nimrods have taken refuge in boats the Game Warden, like the nondescript encountered by Sindbad the sailor, was unable to follow them, but he will in future be a terror to such on sea and land.

Lulu Robinson, colored, charged with disorderly conduct and vagrancy, was sent to the work house for ninety days.

A young man charged with assaulting a woman and disorderly conduct, was fined $20.

Another young man, charged with being a party to the disorder, was dismissed.

WOMAN STRUCK ON NECK.

Assailant Fined Twenty Dollars in the Police Court This Morning

Considerable disorder occured on Lee street, between Queen and Princess, at a late hour Monday night, during which a woman, proprietress of a house in that neighborhood, was struck a violent blow on the neck.

A young man was arrested on the charge of making the assault, but upon being brought into the Police Court yesterday morning the woman who received the blow stated that the prisoner was not the man who attacked her.

Another man was taken in custody yesterday and brought into the Police Court this morning. The woman testified that she went to her front door and was struck a violent blow which sent her staggering back into the house. She said at first that the prisoner looked like the man who struck her, and later said she believed the court had the right man.

An inmate of the house positively identified the prisoner as the man who was on the doorstep at the time. One of the officers testified that the prisoner and others were in the neighborhood conducting themselves in a disorderly manner, and that bricks had been thrown at automobiles which belonged in Washington. This seems to be the procedure of certain men who infest the northeastern section of the city.

The young man in the dock denied the charge brought against him and alleged that he was in bed at the time of the assault. He was fined $20, and after the judgment of the court, he asked if he could take an appeal. He was told he could, but fine was paid and the prisoner released. He later secured the services of a lawyer and again asked the court if he could take an appeal. This privilege was granted, but he finally concluded to abide by the judgment of the Police Court.

The engine did its work in a satisfactory manner. This was the first test of the engine since the break down of several weeks ago when a crank shaft broke under the test that was then being conducted by H. C. Hudson, of the National Fire Prevention Bureau.

NEWS OF THE OLD DOMINION.

HOME FROM JAPAN.

Bishop Henry St. George Tucker Reaches Norfolk.

Norfolk, Va., Aug. 14.—Bishop Henry St. George Tucker, of Japan, formerly of Norfolk, has arrived here with his wife and child, and is at the home of his parents, Bishop and Mrs. B. D. Tucker, at Virginia Beach. They will be in this county till the first of next year.

Bishop Tucker went to Japan in mission work fourteen years ago, and for ten years was president of St. Paul's Episcopal College at Tokyo. It is his second visit home since he first went to the Far East. This is his first visit to Norfolk since he was made bishop of Kyoto—he having been raised to the Episcopate a year and a half ago.

He is greatly pleased with the progress of mission work in Japan, the prejudice against the foreign missionaries, which he found prevalent there when he entered the work of that field having almost entirely ceased, Christianity having in the past few years been officially recognized by the Imperial government there as a religion.

He says there are now 500 Christian churches in Japan, 200 of which are self-supporting. There are 500 Christian workers, men and women, there.

He says baseball is now almost a national game in Japan.

APPLIED FOR REQUISITION.

G. W. Jackson, of Norfolk, Makes Charge Against L. J. Jackson.

Richmond, Aug. 14.—Detective Ford, of Norfolk, reached the Governor's office yesterday morning with an application for a requisition for L. J. Jackson, of that city, under arrest in New York, who is wanted to answer a charge of stealing a diamond ring from his brother, G. W. Jackson.

The requisition was not issued for the reason that some of the papers were not properly certified, and they were returned to Norfolk for that purpose. The man has not been indicted, and the certificate of certain persons is necessary in order to have the requisition properly prepared and forwarded.

CRUTCHFIELD'S RULINGS.

Wife Must be Faithful And Gentle to Her Husband.

Richmond, Aug. 14.—Unless a wife is faithful and gentle and loving her husband cannot be forced to support her, according to a ruling of Justice Crutchfield in Police Court yesterday morning.

If any attorney in a case calls a witness—especially a he-witness—a Jersey cow he shall be fined not less than $5 nor more than $50, according to another ruling handed down in the same case.

Robert Conway, who is connected with the Street Cleaning Department, was being prosecuted by his wife on a charge of non-support. He admitted that he did not live with his wife because, he declared, she had driven him out of the house.

Rather than return to her he would take carbolic acid or die in the electric chair, he asserted, and he proceed such a host of witnesses to testify as to the conduct of his wife as to her temper in her treatment of him that Justice Crutchfield dismissed the case against him.

Mrs. Conway is older than her husband, who incidentallly is her third conjugal mate. She also produced numerous witnesses to sustain her charges, but they failed to impress the court.

Her attorney, Benjamin Lovenstein, was fined $5 for contempt. A milkman, William Davis, had testified that he had left milk at Conway's house when Conway was sick and had not charged him for it, whereupon Mr. Lovenstein complimented Mr. Davis upon his extraordinary generosity and called him a Jersey cow which, so aroused the ire of the court that in addition to being fined the attorney was severely censured.

Advices from Torreron, Mexico, indicate that terrific fighting is still going on there between the rebel and government armies, though Huerta's forces are still holding the advantage they gained when the rebels were ambuscaded in the city streets and mowed down with machine guns. The rebels suffered in the first day's fighting the most decisive defeat ever administered in a Mexican revolution. There were over 3,200 rebels killed and wounded, leaving only about 3,500 men available to continue the battle.

BORDEN WILL RECOVER.

His Escape From Death in Wrecked Car is Miraculous.

Danville, Va., Aug. 14.—The condition of P. L. Borden, of Jackson, Miss., who had a miraculous escape from death when the seven-passenger touring car in which he was journeying to Strasburg collided with a freight train near Martinsville Tuesday, is reported today by his physicians as being satisfactory. No bones were broken, and he is expected to be out in a week.

Efforts made to find relatives of Joseph Bean, of Charlotte, N. C., the chauffeur of the car, who was cremated alive when the contents of the gasoline tank spilled over him and ignited while he was pinned to his seat, have so far proved unsuccessful. No blame for the accident was fixed by the coroner's ury, which was hastily empanneled.

Beaver's Crossing, where the accident occurred, is becoming famous for fatalities. Already three men have been killed within two years at that spot under similar conditions. Only a few months ago a farmer was killed there, as result of which a heavy suit of damages has been instituted against the Norfolk and Western Railroad Company.

WANTS ENABLING ACT.

Baptist Association Asks Legislature to Put Liquor Question up to People.

Hollins, Va., Aug. 14.—The second day's session of the Valley Baptist Association brought together a large crowd of people at Enon Baptist Church.

A resolution was passed calling on the State legislature to pass the enabling act.

The association decided to raise $500 toward the Hatcher $10,000 memorial fund at Richmond College.

A resolution was passed appointing a committee to consider the question of dividing the association into two associations. This committee will report a year from now.

CHAUFFEUR ROASTED.

One Killed And Another Seriously Injured in Collision With Train.

Roanoke, Va., Aug. 14.—An eastbound excursion train struck an automobile one mile west of Martinsville, Va., early yesterday afternoon, killed the chauffeur and seriously injured the owner of the car, P. L. Borden, of Jackson, Miss.

The chauffeur, Joe Bean, of Charlotte N, C., was roasted alive in the seat of his machine. When the engine struck the automobile it was thrown a distance of seventy-five feet, yet Bean did not lose his seat. He was saturated with gasoline from the tar's tank and burned to a crisp, Mr. Borden, owner of the car, was taken to Martinsville for medical treatment. The party were on their way to Strasburg, Va., from Jackson, Miss.

Reports received by the authorities of Lewisburg, W. Va. indicate that Tuesday with 3 murders was among the bloodiest days in the history of Greenbrier county. Two parties of blackberry pickers met in the woods about five miles from Richwood and became involved in a fight which resulted in the death of Frank Seward. A dozen or more persons fought at Olivet and Frank Sheppard was shot to death. Two laborers, whose names are not known, became involved in a quarrel at White Sulphur Springs and one of them stabbed the other. He died early yesterday.

GETS PRISON SENTENCE.

Mott Glover Given Eighteen Years for Murder.

Buckingham, C. H., Va., Aug. 14.—In the Circuit Court here yesterday the jury trying Mott Glover for murder of young Haynes brought in a verdict of murder in the second degree and fixed the punishment at eighteen years in the penitentiary.

It is understood that eleven of the jurors agreed to this verdict at first and the other juror stood for murder in the first degree.

This case has attracted widespread interest here, large crowds filling the courthouse each day during the trial. Congressman Flood, engaged for the defense, left to attend to his business in Washington this morning.

SCHOONER SOLD FOR SALVAGE

Baltimore Vessel and 505,000 Feet of Lumber Brought $6,500.

Norfolk, Va., Aug. 14.—The four-masted schooner Josephine, floated and towed into Norfolk after standing on the North Carolina Coast while bound from Savannah, Ga., to New York, lumber laden, has been sold in salvage admiralty proceedings by the wrecking company which saved her and her cargo. The vessel and cargo, consisting of 350,000 feet of lumber, were bought by R. D. White, of Salisbury, Md., for $6,500. The Josephine was from Baltimore.

Negro Educator Acquitted.

Bristol, Va., Aug. 14.—Prof. F. W. Woodward, negro principal of the Bristol Normal Institute, a school for negroes, today was acquitted of the charge of assaulting Station Master Boaz, of the Norfolk and Western depot. Capt. Boaz charged that Woodward assaulted him because he turned the educator back when he was about to pass through the door of the white waiting room. Mayor Warren heard the case. Several hundred people attended the trial, the race feature having made the interest intense.

Crazed with liquor and armed with a heavy knife, Paris Williams, a miner, ran through the streets of Pond Creek, W. Va., yesterday, driving pedestrians into their homes. Silas Trott, a boy of 15, did not move fast enough to suit Williams and he attacked him. Thinking the boy was about to be murdered, Deputy Sheriff Robert Sharder, shot Williams dead.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

IMPEACHMENT OF GOVERNOR SULZER.

The articles of impeachment which have been brought against New York's executive have been read with interest by people throughout the country. Governor Sulzer has asked a suspension of judgment by the public until he shall have made his answer to the charges against him.

Like the late Edwin M. Stanton, when removed from the position of Secretary of War by President Andrew Johnson, the New York Governor intends to "stick", and, according to present appearances, conflict of authority between him and Lieutenant Governor Glynn seems probable.

Prominent lawyers among the Virginia delegation in Washington express the opinion that Governor Sulzer cannot be impeached by the New York legislature for the acts alleged to have been committed by him, because they were performed before he took the oath of office. Even though the acts were in connection with his campaign for governor, it is held by the Virginia congressmen, this impeachment is void.

"The Governor's privileges are based on the constitution," said Congressman Flood, successor to Sulzer as chairman of the foreign affairs committee and a constitutional lawyer. "The constitution does not provide for the impeachment of an official for the acts performed before he takes office and the New York legislature is powerless to add to or substitute for qualifications upon which impeachment proceedings can be brought."

Congressman Montague, as an able authority on constitutional law, says: "As a general proposition impeachment cannot lie upon acts which are committed prior to induction into office and which are personal and not relating to the office."

MORE COFFINS THAN CRADLES.

The English nation is becoming alarmed over the fact that more people are being buried than are born in that country. This discovery has been a source of alarm in France for some time, and notwithstanding the various means to encourage an increase in the birth rate, the number of coffins purchased annually is still greater than that of cradles. A cotemporary in speaking of this says:

England is apparently fast becoming to rival France as a nation where the rule is "more coffins than cradles." Recent investigation disclosed the fact that the average number of offspring of an English army officer is two, which is just half the number necessary to carry on the race. Births among professional men and in society circles are even lower.

To encourage a greater birth rate, reformers in certain parts of England have tried the experiment of giving a bonus of $25 to $50 for every child of one year. This resulted in a considerable increase in births. Now the granting of bonuses to mothers throughout the British Empire is urged as the only means of keeping up the birth rate.

The relation between births and wages cannot be overlooked. But it is not to be bridged over by a bonus of $25 or so. A far more effective way to encourage the raising of families is to make employment steadier. Where the nature of the industry is not stable, agencies should be provided which would enable the man laid off in one industry to obtain a job some place else without too great a loss of time and earnings. When men working for wages find it easier to provide for children, when the dread of out of work ceases to haunt them, the birth rate is sure to go up.

"CRY OF LIGHT IN ETHIOPIA."

The work of colored evangelization was presented by Rev. A. M. Frazer, D. D. of Staunton, Va., before the Montreat, N. C., conference on home missions a few days ago. He began his address with the statement that he believed the words of the Psalmist regarding the cry for light in Ethiopia was a prophecy of the time that has now come when Africa is making an appeal to Christianity for help that is as strong as was the call from Macedonia in ages past. He then called attention to the development along the line of commerce and discovery during the past seventy-five years, of the spiritual awakening during that time and of the eagerness that is now apparent in Africa to be relieved from the bondage of heathenism.

We know nothing of present conditions in the dark continent, where Christianity has been preached since the days of the Eunuch of Queen Candace, but that there is a broad field among thousands of the alleged descendants of Ham in the United States, especially in the southern section, is becoming more apparent every day.

W. F. Coulter and his son, Harry Coutler, both lawyers, were shot and killed at the depot last night at Trenton, Tenn., by J. A. Alford, a citizen of a neighboring county, who used two automatic revolvers almost as soon as he had alighted from a train. It is reported that without saying a word of intentions Alford shot the elder Coulter three times and then shot Harry Coulter twice. Both died almost instantly. No reason for Alford's act was given in the reports last night.

Dashing down a mountainside, 30 miles east of Grafton, W. Va., yesterday three heavy freight cars that had broken away from a train on the Baltimore & Ohio railroad crashed into the engine of another train climbing the grade. The runaway had gained frightful momentum when they struck the engine. Engineer Edward Schaffermen, of Newburg, W. Va., and Fireman H. A. Hawkins and Brakeman John Grover, both of Keyser, W. Va., were killed. The engine and a number of cars were demolished and the runaway toppled over a precipice into the Cheat river.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

ARTICLES OF IMPEACHMENT.

Formidable Document Containing Four Thousand Words.

Albany, N. Y., Aug. 14.—The articles of impeachment against Governor Sulzer, as passed by the lower house of the New York State legislature, make a document of over 4,000 words. They are introduced by the formidable heading: "Articles exhibited by the Assembly of the State of New York in the name of themselves and of all the people of the state of New York against William Sulzer, governor of said state, in maintenance of their impeachment against him for wilful and corrupt misconduct in his said office and for high crimes and misdemeanors."

The articles, eight in number, charge the governor with violating the penal laws of the state, not only in connection with the filing of an improper and incorrect account of his campaign expenses and diverting campaign contributions to the purchase of stocks, but also in connection with his alleged efforts to prevent witnesses from testifying before the Frawley investigating committee. He is also charged with attempting to manipulate the stock market by attacks on the exchange.

Striped of their illegal verbiage the articles are in substance as follows:

I.—That Governor Sulzer, in filing his statement of campaign expenses, set forth that his entire receipts were $5,460, and his expenditures $7,724; that thas statement was "false and was intended by him to be false, and an evasion and violation of the statutes of the state;" that his list of receipts failed to include eleven specific contributions, ranging in amounts from $100 to $2,500; that the governor's false statement, made "wrongfully, wilfully and corruptly," caused 'great scandal and reproach of the governor of the state of New York."

II.—That Governor Sulzer attached to his statement of campaign expenses an affidavit declaring that the statement was in all respects "in full and detailed statement of all monies received or contributed or expended by him directly or indirectly." That this affidavit duly subscribed and sworn to by said William Sulzer was false and was corruptly made by him," and that he was "guilty of wilful and corrupt perjury."

III.—That Governor Sulzer 'unmindful of the duties of his office and in violation of his oath of office, was guilty of mal and corrupt conduct in his office as governor and was guilty of bribing witnesses." The specific charge is that while the Frawley committee was investigating the governor's campaign accounts, he "fraudulently induced three witnesses (his campaign manager, a personal friend and a stock broker), "to withhold their testimony from said committee," and that in so doing, 'he acted corruptly and was guilty of a felony."

IV—That the governor was guilty of "suppressing evidence" in violation of the state penal law. The specific charge is that while the Frawley committee was in session, he 'practiced deceit and fraud and used threats and menaces with intent to prevent said committee,from procuring the attendance and testimony of certain witnesses."

V.—That the governor was guilty of "preventing and dissuading a witness from attending under a subpoena" the sessions of the Frawley committee. The witness referred to is Frederick L. Colwell, alleged to have acted as Sulzer's agent in certain stock transactions.

VI.—That prior to his election, the governor appropriated campaign contributions to his own use "and used the same, or a part thereof, in speculating in stocks to brokers operating on the New York Stock Exchange and thereby stole such checks and was guilty of larceny."

VII.—That Governor Sulzer promised and threatened to use the authority and influence of his office for the purpose of affecting the vote of political action of certain political officers, including two assemblymen.

VIII.—That he corruptly used his authority as governor to affect the prices of securities on the New York Stock Exchange, in some of which he was speculating upon a margin or otherwise, recommending and pressing for passage legislation affecting the business of the exchange, "and, then, by withdrawing, or attempting to withdraw, from the consideration of the legislature such legislation which was pending therein—all the time concealing his identity in said transaction by a subterfuge."

UNUSUAL SIGHT.

Shark And a Turtle Fight off Cape Henry.

Norfolk, Va., Aug. 14.—Several members of the Virginia Pilots' Association who were aboard of the pilot boat Relief Monday experienced an unusual sight. It was a fight between a man-eating shark and a large turtle.

The Relief was cruising off Cape Henry when suddenly those aboard were attracted by a great commotion in the water. Upon investigation it was found that a shark all of eighteen feet in length, was after an immense turtle. Finally the shark bit the turtle's head off.

Then the huge fish tried to bite the turtle in half but its teeth slipped from the hard shell of the turtle's back. The water was made quite bloody by the shark biting the turtle's head off.

A line was quickly rigged in an effort to catch the shark but the monster became frightened and swarm off.

KILLED BY FALL.

A Carpenter Meets Death in Norfolk.

Norfolk, Aug. 14.—Frank A. Parrish, 45 years old, a carpenter, was killed Tuesday afternoon when he fell from a staging on which he was working in the new annex being constructed for M. M. Crockin & Co., furniture dealers, in King street, between Craword and Middle. It is believed that concussion of the brain caused his death.

Parrish was on a staging, about eight feet from the ground floor of the building. He was engaged under a stairway, when his fellow-workmar suddenly saw him tremble and fall backward off the staging. As his body fell to the floor, his head struck a windowsill. Mr. Parrish never regained consciousness, dying in a few minutes.

The famous Burton Bros., who sell lots at the rate of one a minute and the "All Star" brass band of the Atlantic Coast Realty Company, will be at Mt. Ida next Monday morning when beautiful lots are to be auctioned off.
